*Corvelle Bank*

# Personal Loans

*Customer information document — Effective January 1, 2026*

## 1. Overview

A Corvelle personal loan lets you finance a project such as a car, home improvements, studies or a wedding. You can borrow from 10,000 MAD to 300,000 MAD over 12 to 84 months.

## 2. Interest Rates

| Loan duration | Fixed annual rate |
|---|---|
| 12 to 36 months | 6.9% |
| 37 to 60 months | 7.5% |
| 61 to 84 months | 8.2% |

Civil servants and customers whose salary is paid into a Corvelle account receive a 0.5 point discount on the rate. Rates are fixed for the full duration of the loan.

## 3. Eligibility

To apply you must be between 21 and 65 years old at the end of the loan, have a stable income for at least 6 months, and your total monthly loan repayments must not exceed 40% of your net monthly income.

## 4. How to Apply

Apply in the mobile app under Loans or at a branch. Documents required: ID card, your last 3 payslips, and your last 3 bank statements if your salary is paid into another bank.

You receive a response in principle within 48 hours. Funds are paid into your account within 3 working days after you sign the contract.

## 5. Fees and Insurance

Application fee: 1% of the loan amount, maximum 1,500 MAD. Borrower insurance (death and disability) is mandatory and costs 0.3% of the borrowed amount per year.

## 6. Early Repayment

You may repay all or part of your loan early at any time. An early repayment fee equal to one month of interest on the amount repaid is charged, with a maximum of 1% of the amount repaid.

## 7. Missed Payments

If a monthly payment is missed, a late fee of 2% of the payment amount is charged and your advisor will contact you. If you have difficulties, contact us early: we can discuss a payment break of up to 3 months.
